

4yourwebsite welcomes
a new team member!

Logo's, web page design, print materials.

Chris Slagle is a graphic designer with a keen, intuitive creativity dating back to his childhood. His artistic skills have been shared through a wide range of venues from custom carpet designs to oil paintings, line drawings, sculpting, photography and graphic design. Chris' goal is to present you with an inviting web page design that will set the mood to attract your target audience and offer a satisfying user experience.
